CABIN CONFIGURATION

DESCRIPTION

The **Embraer Phenom 100** is an entry-level jet with next-generation technology that brings a whole new definition of style, comfort, and performance to the light jet industry. Offering speed and luxury, the Phenom 100 boasts a larger cabin, windows, and the largest baggage compartment in its class. Leading the way for performance, the Phenom 100 private jet can be operated for the same cost of most turboprop aircraft while traveling 100 knots faster.

The Phenom 100 is simply in a category of its own—the perfect match between speed and efficiency.

- State-Of-The-Art Glass Cockpit and Highly Integrated Avionics by Garmin
- Interior Masterfully Designed by BMW
- Can Travel Up to 800 Miles at a Cruise Speed of 420 MPH
- Interior Cabin Height of 4 ft. 11 in.
- Spacious Cabin with Seating for up to 5 Passengers

DESCRIPTION

The **Embraer Phenom 300E**, and its aerodynamic design is arguably the most innovative private jet available. An intelligently designed cabin offers ergonomic seating and extensive in-flight entertainment and Wi-Fi connectivity, taking comfort to a new level. Delivering best-in-class performance, the Phenom 300E, produces up to 29% less CO₂ than older aircraft and 14% less than the current competition. Phenom 300E is the ultimate private jet with the ramp presence and cabin of a midsize jet.

- State-Of-The-Art Glass Cockpit and Highly Integrated Avionics by Garmin
- Can Take-Off at Challenging Airports with High Elevations or Hot Temperatures
- Travels Up to 2,100 Miles at a Cruise Speed of 500 MPH
- Interior Cabin Height of 4 ft. 11 in.
- Spacious Cabin with Seating for Up to 9 Passengers

DESCRIPTION

The **Gulfstream G600** is one of the fastest business jets in the world, delivering you and your guests to your destination not only faster than most, but you do so in the very best the world has to offer in luxury, space, and comfort. The Gulfstream G600 was designed for worldwide travel but provides that same renowned reputation for domestic flights as well. The sheer ramp presence speaks volumes, but the onboard experience is where the G600 sets itself apart. Award-winning for its style and functionality, the G600 boasts abundant natural lighting throughout the cabin to complement the ultra-quiet onboard acoustics, reducing fatigue and making it truly the world's most comfortable cabin for your enjoyment.
